## COSCP Capital Campaign Update September 2020

### Construction Progress is Visible

Construction crews have been working on the three roof sections of our new Church, including adding insulating foam. They also poured concrete to form the raised sanctuary where the altar will be placed and framed the Sacristy where Priests will vest and Ministers will prepare for Mass. Meanwhile, they are also installing drywall in the offices of our new Parish Center which will include a choir rehearsal room.

If you already made your pledge to help build our permanent Church and Parish Center, **thank you!**

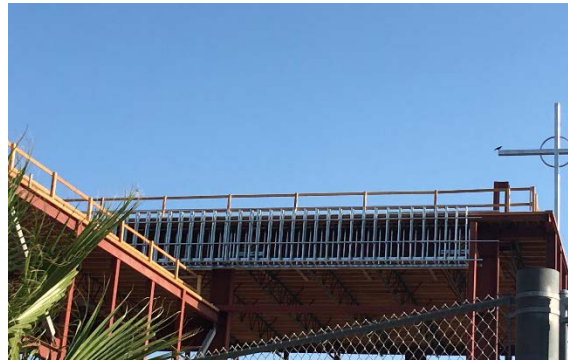

*We are counting on you to complete your payments as soon as you are able to do so.*

*If you have already completed your pledge, consider adding to it to help make up our shortfall.*

If you were waiting to see if we really would build the church before you made a pledge – **now is the time!**

### The Fruits of our Labors

Celebrating Labor Day this month, we are grateful to all of the hard working and skilled people laboring to build our parish campus. From architects and engineers, to steel workers and cement pourers, from carpenters and drywallers, to electricians and plumbers – **thank you all** for using your gifts to build up the kingdom of God.

Likewise, **thank you** to all of the parishioners that donated some of the fruits of their labors to pay for our new Church and Parish Center. God bless you!
